ORDER GRANTING AUTHORITY  
TO PROVIDE INTEREXCHANGE  
SERVICE AND APPROVING  
SCHEDULE OF RATES AND  
TERMS AND CONDITIONS

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

In this Order, the Commission grants Reduced Rate Long Distance, LLC (Reduced Rate Long Distance, LLC or Company) the authority to provide interexchange service throughout the State of Maine and approves the Company's Terms and Conditions and Rate Schedules. Pursuant to Chapter 280, §§ 11 and 12, we exempt Reduced Rate Long Distance, LLC from the requirements of Chapter 210, *Uniform System of Accounts*, and 35-A M.R.S.A. §§ 707 and 708, subject to the conditions described below.

#### **I. APPROVAL OF APPLICATION TO SERVE**

On April 25, 2001, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, Reduced Rate Long Distance, LLC applied for authority to provide interexchange service in Maine. Before we grant approval under section 2102 for another public utility to provide service, 35-A M.R.S.A. § 2105 requires us to find that the public convenience and necessity require another utility to provide service in a location where utility is already authorized to provide, or is providing, the same or similar service.

47 U.S.C. § 253(a), enacted by the Telecommunications Act of 1996, states:

(a) In General. No State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunication service.

47 U.S.C. § 253(b) states, however:

(b) State Regulatory Authority. Nothing in this section shall affect the ability of a State to impose, on a competitively neutral basis and consistent with section 254, requirements necessary to preserve and advance universal service, protect the public safety and welfare, ensure the continued quality of telecommunications services, and safeguard the rights of consumers.

We find that granting Reduced Rate Long Distance, LLC the authority to provide interexchange services in Maine will not impede the preservation or advancement of the public interest goals or policies stated in section 253(b).

Reduced Rate Long Distance, LLC's application provides reasonable information indicating that its financial and management capabilities are adequate to provide interexchange services in Maine.

## **II. SERVICE TERRITORY**

Reduced Rate Long Distance, LLC has requested authority to provide interexchange service throughout the state. We grant that authority.

## **III. APPROVAL OF TERMS AND CONDITIONS AND RATE SCHEDULES**

We allow the terms and conditions proposed by Reduced Rate Long Distance, LLC to go into effect. Reduced Rate Long Distance, LLC has substantially used the Commission's standard terms and conditions that comply with Maine law and the Commission's Rules. We have reviewed the Company's petition, Terms and Conditions, and Rate Schedules, and they appear to comply with Maine law and the Commission's Rules. Nevertheless, if there is any conflict between a provision in Reduced Rate Long Distance, LLC's terms and conditions and the Commission's Rules or a statute, the rule or statute will control. Included in the Terms and Conditions is a provision stating that in the event of such a conflict, the statute or the Commission's Rule will control.

In general, the Commission believes that a competitive telecommunications market results in services and rates that benefit the public. We believe that the acceptability of Reduced Rate Long Distance, LLC's services and rates in the market place provides an adequate test of the reasonableness of the Company's rates. Accordingly, we allow the rates proposed by Reduced Rate Long Distance, LLC to go into effect.

## **IV. PAYMENT OF ACCESS CHARGES**

The Commission has granted authority to Reduced Rate Long Distance, LLC to provide interexchange service as a switchless reseller.<sup>1</sup> Our approval of Reduced Rate Long Distance, LLC's application to provide interexchange service in Maine is conditioned on the payment of access charges to local exchange carriers (LECs) who have on file with the Commission approved access charge rate schedules. To the extent that Reduced Rate Long Distance, LLC provides facilities-based interexchange service, it must pay access charges directly to local exchange carriers. If Reduced Rate Long Distance, LLC

<sup>1</sup>We define switchless resellers as entities which do not own, lease, or control any switching facilities, or private lines, that it will use to provide telecommunication services in Maine. A reseller who owns a switch in another state, and plans to use that switch to switch or carry Maine traffic, is a facilities-based interexchange carrier. A reseller who does not own facilities in Maine or any other state, or who owns facilities in another state but does not plan to use that switch to carry Maine traffic, is a switchless reseller.

begins to provide facilities-based interexchange service, it shall notify the Commission and all LECs from which it obtains access, as required by the ordering paragraphs.

Reduced Rate Long Distance, LLC states that at present it will be offering service only as a switchless reseller. Switchless resellers do not pay access charges to local exchange carriers. Instead, access charges are paid by an underlying facilities-based interexchange carrier. As a condition of granting authority to a switchless reseller to provide intrastate service in Maine, Reduced Rate Long Distance, LLC's underlying facilities-based carrier must also have authority to provide intrastate service in Maine. Reduced Rate Long Distance, LLC has stated that MCI WorldCom will be the underlying carrier from which it purchases interexchange services that it resells. MCI WorldCom is authorized by the Commission to provide intrastate facilities-based interexchange service and must pay access charges for the intrastate interexchange services it sells to switchless resellers providing interexchange service in Maine. If Reduced Rate Long Distance, LLC begins to use another carrier or carriers, those carriers must be authorized to provide intrastate facilities-based interexchange service, and Reduced Rate Long Distance, LLC shall notify the Commission and all local exchange carriers that it uses for the provision of access services as required by the ordering paragraphs.

## **V. WAIVERS; REPORTING REQUIREMENTS**

As a condition of providing local exchange service, Reduced Rate Long Distance, LLC must comply with the terms of any applicable Commission orders or rules that may govern local interconnection and compensation for interconnection. Reduced Rate Long Distance, LLC shall also comply with any applicable Commission Rules or orders that govern universal service, public safety and welfare, service quality and consumer rights.

Pursuant to sections 11(A) and 12(A) of Chapter 280, Reduced Rate Long Distance, LLC is exempt from Chapter 210 of the Commission's Rules, which governs telephone utility accounting and annual financial reports, and from 35-A M.R.S.A. §§ 707 and 708, which governs approvals for reorganizations and contracts with affiliated interests. Pursuant to sections 11(A) and 12(A) of Chapter 280, which govern carriers' interexchange activities, Reduced Rate Long Distance, LLC is exempt from Chapter 210 of the Commission's Rules, which governs telephone utility accounting and annual financial reports, and from 35-A M.R.S.A. §§ 707 and 708, which govern approvals for reorganizations and contracts with affiliated interests. Because Reduced Rate Long Distance, LLC's rates and operations are likely to be subject to market forces, we do not see any present need to subject the Company to those requirements.

However, as required by Chapter 280, § 11(A), Reduced Rate Long Distance, LLC must report its annual intrastate gross operating revenues, its revenues derived from sales to other carriers, its annual intrastate minutes of use for the purpose of determining its regulatory assessment, and such other information requested by the Commission.<sup>2</sup> If Reduced Rate Long Distance, LLC resells service to other facilities-based or switchless

telephone service providers, the Company must maintain its records in a way that it is able to separately identify those sales. Pursuant to Chapter 280, § 11(B),

shall maintain records sufficient to identify and to allow auditing of traffic volumes, intrastate interexchange billings for both retail and wholesale services, and all information that is necessary to calculate access or interconnection charges in accordance with this Chapter. Those records shall be maintained for a minimum of 2 calendar years.

The exemptions from the affiliated interest approval requirements of 35-A M.R.S.A. §§ 707 and 708 granted by Chapter 280, § 12(A) are subject to the notice requirements contained in Chapter 280, § 12(B) and (C) and in the ordering paragraphs below.

Reduced Rate Long Distance, LLC shall inform the Commission of any changes to its corporate structure and ownership and of any changes in the name under which it does business, as set forth in the ordering paragraphs below. If necessary, it shall also refile its rate schedules and terms and conditions to reflect its new identity.

## **VI. OTHER REQUIREMENTS**

Reduced Rate Long Distance, LLC shall comply with all applicable rules of the Commission and statutes of the State of Maine, including the customer notification rule described in Ordering Paragraph 8.

## **VII. ORDERING PARAGRAPHS**

Accordingly, we

1. Grant, pursuant to 35-A M.R.S.A. §§ 2102 and 2105, the request of Reduced Rate Long Distance, LLC to provide interexchange service throughout the State of Maine;
2. Approve Reduced Rate Long Distance, LLC's proposed Terms and Conditions and Rate Schedules (pages 1-8); those Schedules shall be effective on June 5, 2001;

Reduced Rate Long Distance, LLC shall immediately inform the Commission and all local exchange carriers in the State of Maine from which Reduced Rate Long Distance, LLC will be purchasing access services if there is any change in its operations that will result in its carrying, switching, or any processing of any of its own traffic, at which time Reduced Rate Long Distance, LLC shall begin to pay access charges directly to those local exchange carriers that have approved access charge schedules on file with the Commission;

6. Exempt Reduced Rate Long Distance, LLC from the requirements of Chapter 210 of the Commission's Rules, except that it must report certain revenue and minutes of use information, as required by Chapter 280, § 11(A), on or before April 1 of each year;

7. Exempt Reduced Rate Long Distance, LLC from approval requirements of 35-A M.R.S.A. §§ 707 and 708, but shall provide notice to the Commission of any reorganization, as defined in 35-A M.R.S.A. § 707(1)(A), that results in a merger, sale or transfer of a controlling interest of or of any entity that owns more than 50% of. The notice required by this subsection shall be filed within 10 days following any reorganization described herein, as required by Chapter 280, § 12(B).
